

CUBEX ARIES ITH DRILL

**FAST.
EFFICIENT.
RESPONSIVE.**

THE PERFECT ITH SOLUTION

The Cubex Aries is an ITH drill unitised with an on-board booster. This drill is mounted on a mobile articulated carrier designed for high mobility and flexibility in underground mining operations.

FEATURES

- Designed for a hole range from 90mm to 445mm diameter with hole lengths over 100m (760mm diameter with V30 Reamer)
- Capability to drill service, production and slot holes all with the one machine
- Capability to drill on a 360 degree rotation plane
- Articulated carrier designed for quick and flexible site set up
- Rod carousel and rod manipulator to eliminate manual handling associated with ITH drilling
- Purpose built support vehicle with Hiab crane
- In hole surveying available.

INTEGRATED UNDERGROUND MINING SERVICES

- Mine development
- Production mining
- Cablebolting, production drilling and ITH drilling
- Raise boring wand specialist boxhole boring
- Shotcreting
- Plant and equipment hire.
